Yerevan Meeting (ASUE and NUACA)

Presentation Event and Management Meeting, 18-20th of October, 2023, Yerevan, Armenia

During the Yerevan meeting, Partners were discussed and finalized Incentives policies and road map for the implementation.

For the development of the incentives policy at each partner HEI in Moldova and Armenia the working group of 3 people have been set up. Based on the best practice cases and knowledge learned during the training in Sweden, participants have been involved in the design of the respective actions/measures/schemes for increasing researchers' motivation towards international research activities at their home universities.

The policy papers with concrete activities, predefined responsible units/people and resources (material, financial, other) will be validated by university Academic Councils and put into force.

Research Management Course Development

- Working group of ASUE consists of 2 persons in charge of Course development has been established.
- Draft is ready for discussion, comments and recommendations for improvement.
- During the development of the Course it was decided to go forward and develop 2 courses. One is full academic 3 ECTS course for PhD students and the second: short course for outreach program, LLL for wider public/academic community.

Quality Assurance

QA team consisting of 1 representative per partner universities has been established with the aim of monitoring and evaluation of the implementation of project activities against the indicators described in the proposal, as well as ensure timely/accurate submission of all project reports to the funding authority. The QA team has been also developed Questionnaire for post event survey and results has been reported to the project coordinator.

Dissemination, exploitation and impact maximization

Promotional materials, such as banners, leaflets, notebooks has been distributed during project events thus increasing its visibility among the wider public.

All events widely disseminated in ASUE website, Facebook both university and the Project website, Youtube and LinkedIn:

Finally I want to express my gratitude to all: Coordinator and the team: Janerik and Svjetlana, Moldova team, Armenia's 2 teams for hard work, for commitment, resolutely working under the time pressure and of course for friendship. Our joint efforts allow us to overcome all difficulties, break the barriers and come with achievements.

Thank you all
